

Why Flubio?

- In accordance with Strains

Laboratory Network in ILI and SARI Surveillance System for Influenza Virus Evolution Monitoring

Pretty Multiharina, Vivi Setiawaty, Krisna NA, Hana A Pawestra,
Ni Ketut Susilarini, Roselinda

compared with the global circulation of influenza in 2012, the distribution of influenza virus in Indonesia matches with the pattern of influenza in "northern hemisphere".

SS1

Sesuai strainnya, sesuai rekomendasi WHO dan penelitian balitbangkes

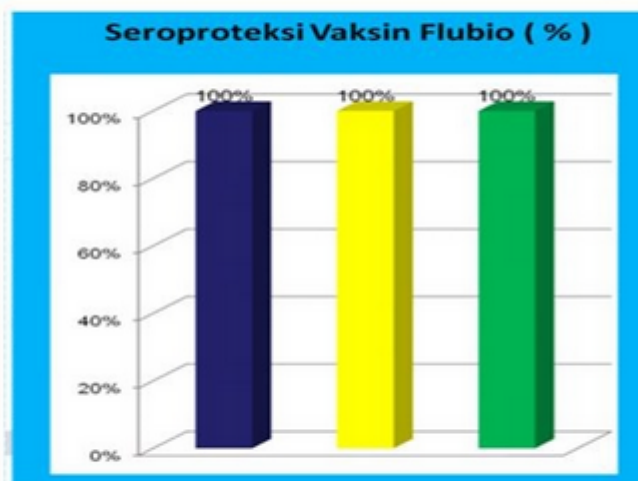

- In accordance with Seroprotection

Hasil Uji Klinis Flubio Sangat Baik

SS2

Sesuai seroproteksinya, uji klinis dilakukan di Indonesia dengan sampel lokal, hasilnya sangat memuaskan

A/California/7/2009 (H1N1), A/Victoria/210/2009 (H3N2), B/Brisbane/60/2008
Setelah Vaksinasi hari ke 28*
2011

- In accordance with Siosioreligius

- Indonesian National Pride Products

P1

1. Produk kebanggaan bangsa Indonesia

- Professional Cold Chain Handling

Vaccines are biological products that are very susceptible to temperature changes. Good quality vaccines if not supported by a good distribution system will reduce the quality.
